Corner sofa bed

INSTRUCTION	1
ASSEMBLY	4

Guidelines and information about the product

**BEFORE USING THE PRODUCT, READ THE ENTIRE INSTRUCTION CAREFULLY.
KEEP THE INSTRUCTION FOR FUTURE REFERENCE.**

- 1. Assembly and Safety:** Full safety and efficiency of use can be achieved only if the furniture is assembled according to the instructions. Inform users of the product about all precautions, limitations, and warnings. We are not responsible for problems or injuries caused by using the product inconsistently with this instruction.
- 2. Sleeping Function Usage:** Furniture with a sleeping function, such as sofa bed or corner sofa bed, is intended primarily for occasional sleeping. Regular use of the sleeping function may accelerate wear of mechanisms and materials.
- 3. Proper Use of Sleeping Mechanisms:** When using the sleeping function, follow the manufacturer's instructions to avoid damage to the mechanisms.
- 4. Seating-Only Furniture:** Furniture designed solely for seating, such as armchairs or sofas without a sleeping function, is not intended for sleeping. Using them in this way may lead to faster wear of upholstery and fillings.
- 5. Assembly Surface Protection:** Before beginning furniture assembly, it is essential to protect the floor to prevent damage. It is recommended to use protective films or mats to shield the surface from scratches, dirt, and mechanical damage.
- 6. Maximum Load Capacity:** To ensure the safety and durability of the furniture, do not exceed the recommended load capacity provided in the instructions.
- 7. Avoiding Structural Damage:** Do not sit or stand on armrests, backrests, or edges of the furniture to prevent deformation or damage to the structure.
- 8. Proper Handling During Relocation:** When moving the furniture, grasp it from underneath by the structural elements. Avoid holding onto upholstery, cushions, or other soft parts to prevent deformation or tearing of the material.
- 9. Placement on Even Surfaces:** Place the furniture on a flat, level surface, avoiding partial placement on carpets, which can lead to uneven load distribution and damage.
- 10. Indoor Use Only:** The product is intended for indoor use. Avoid exposing the furniture to direct sunlight to prevent fabric fading and weakening of its structure.
- 11. Storage Compartment Usage:** Do not store excessive amounts of items in the bedding compartments to prevent sagging or damage.
- 12. Fabric Dye Transfer:** Light-colored upholstery may become permanently stained due to contact with fabrics that bleed dye, such as jeans or brightly colored clothing. Exercise caution when using such materials.
- 13. Regular Cleaning and Maintenance:** To prolong the life of the furniture, regularly remove dust and dirt using a vacuum cleaner with an appropriate attachment or a soft brush. Avoid excessive rubbing and vacuuming at high power levels to prevent damage to fabric fibers. In case of stains, gently wipe the spot with a damp cloth or use a mild detergent diluted in warm water, then wipe dry.
- 14. Technical Inspections:** To maintain the functionality of the furniture, regularly perform technical inspections, including tightening screws and checking the stability of the structure.
- 15. Protection from Sharp Objects:** During the use of upholstered furniture, avoid contact of the upholstery with sharp objects, such as knives or scissors, as they can cause permanent damage to the material.
- 16. Distance from Heat Sources:** Place upholstered furniture at least 1 meter away from heaters, fireplaces, or other heat sources to prevent material damage and structural deformation.

Complaints procedure (statutory rights)

This product is covered solely by statutory rights under UK consumer law. These rights ensure that customers receive goods that meet the required quality standards, match their description, and are free from defects. In the event of a complaint, please follow the steps below:

- Submit your claim directly to the retailer from whom the product was purchased.
- Statutory rights cover situations where the goods are faulty, not as described, or do not meet the required quality standards.
- Complaints should be submitted together with proof of purchase.
- The retailer is responsible for handling complaints in accordance with applicable regulations.
- This information does not limit the consumer's rights under applicable law.

Assembly

WARNING!

Before starting assembly, ensure that all parts and hardware are included, match the accompanying parts list, and are free from damage. Failure to do so may result in improper assembly or potential injury. Always follow the instructions carefully and use appropriate tools. Keep out of reach of children.
